

ARRANGE FUNERAL RITES FOR EMPEROR FRANCIS JOSEPH

Adamson Law Held Unconstitutional By Federal Judge

RUSH DECISION IN RY. CASE TO GET HIGH COURT RULING

Government Is Given Until 3
O'clock This Afternoon
To Perfect Appeal

U. S. COUNSELLOR IS
NOT DISCOURAGED

Declares Decision In No Way
a Set-Back For Gov-
ernment

KANSAS CITY, Nov. 22.—Judge
William C. Hook signed the gov-
ernment's appeal at 3:25 p. m.

KANSAS CITY, Nov. 22.—Judge
William C. Hook of the United States
Circuit Court today decided that the
Adamson eight-hour law is unconsti-
tutional.

Action brought yesterday by the
government asking a dismissal of the
injunction suit brought by the Mis-
souri, Oklahoma and Gulf Railroad,
known as the Kenefick road, was to
get an early decision from the su-
preme court.

Judge Hook's action will permit the
case appearing in the supreme court
when it convenes December 4.

The court allowed the government
until 3 o'clock this afternoon to per-
fect its appeal and will be on the
bench to certify the appeal at that
time.

Action brought by the railroad com-
pany against the brotherhood also will
be disposed of this afternoon. Judge
Hook will either dismiss the action or
allow the railroad company to file the
same petition against the brotherhood
as it filed against the government.

E. Harvin Underwood, assistant at-
torney general of the United States,
who arrived this afternoon from Wash-
ington to assist Francis M. Wilson,
district attorney, in the case, said that
he believed that the decision of Judge
Hook was in no way a set-back to the
government. He said:

"Judge Hook made the decision with-
out material consideration of the
issue and on application of his own
receivers. Judge Hook appointed the
receivers for the Missouri, Oklahoma
and Gulf Railroad who brought injunc-
tion proceedings similar to those
brought by other railroads in courts
all over the country."

Frank Hageman, special counsel
for the government, refused to make a
statement.

KANSAS CITY, Nov. 22.—Judge
Wallace C. Hook in the Federal court
here today held that the Adamson 8-
hour law is unconstitutional and in-
valid.

Attorneys for the government were
expected to appeal the case to the Su-
preme court at once, which will make
this case the test case to determine
in the highest court in the land the
constitutionality of the 8-hour law.

Explaining his decision, Judge Hook
said: "My decision was merely to
rush the case to the supreme court as
rapidly as possible. I have given the
government until 3 o'clock to perfect
its appeal to the higher court."

Francis M. Wilson, United States
district attorney, and Frank Hageman,
special counsel for the govern-
ment, intimated that the appeal would
be ready "by or before 3 o'clock."

NO DECISION BEFORE JAN.
IS INDICATION
WASHINGTON, Nov. 22.—There
was growing doubt here this afternoon
that the United States supreme court
will be able to render a decision on
the Adamson eight-hour law before
early in January, unless the ponderous
machinery of the highest tribunal is
speeded up to a rate that would set a
precedent.

TWO BIG SHIPYARDS FOR L. A. HARBOR, PLAN

LOS ANGELES, Nov. 22.—Two great
shipyards are to be established at Los
Angeles harbor. One is the Los An-
geles Shipbuilding Company, headed by
E. G. Ekstrom, and the other is said to
be a syndicate, in which the Bethle-
hem Steel Company, headed by Chas.
M. Schwab, is the leading spirit. The
Bethlehem Steel Company controls the
Union Iron Works in San Francisco.
City officials admitted that negotia-
tions are under way with the new syn-
dicate for space at the harbor, but
they would say nothing about the per-
sonnel of the concern. However, from
other sources it was learned that the
great steel corporation is behind the
new enterprises. The concern is ex-
pected to be capitalized at \$1,000,000, it is said.

LEUTENANT GENERAL SIR
BRIAN MAHON, now com-
manding the British forces on
the western frontier of Egypt, has
been appointed to succeed Major
Sir John Maxwell as commander of
the British forces in Ireland.

CALIF. CONCEDED TO WILSON BY STATE G. O. P.

SAN FRANCISCO, Nov. 22.—Calif-
ornia's thirteen electoral votes were
conceded to Wilson this afternoon by
Sylvester J. McAtee, secretary of the
Republican State Central Committee.
He announced complete official figures
showing Wilson's plurality as 3807.
This removes all doubt that Califor-
nia has gone to Wilson.

WILSON CAL. PLURALITY
3807 ON COUNT
SAN FRANCISCO, Nov. 22.—Wilson's
plurality in California is 3807, ac-
cording to a tabulation finished by the
Republican State Central Committee at
11:30 a. m. Heney, high Democrat
elector, polled 466,197, and high Re-
publican elector, Carson, polled
462,390.

M'ATEE WIRE NOT YET
RECEIVED BY WILCOX
NEW YORK, Nov. 22.—National
Chairman Wilcox declared at 3:30
this afternoon that he had not re-
ceived a telegram sent him by Secre-
tary McAtee of the California Central
Committee conceding the state to Wil-
son.

LOS ANGELES, Nov. 22.—The of-
ficial count of the vote in the presi-
dential election in Los Angeles gives
Hughes a plurality of 21,439 over Wil-
son. The highest Republican elector
got 135,554 votes and the lowest Demo-
cratic elector, 113,377.

MILLION THEFT LAID TO MAN HELD IN FLA.

CHICAGO, Nov. 22.—Edward Thatch-
er, described by the Pinkertons as a
pale, young cigar fiend with a bril-
liant and beautiful wife, has been ar-
rested in a fashionable hotel in Miami,
Fla., on charges of bank robbery.

One million dollars in losses to
banks all over the country is charged
to Thatcher. And, remarkable as it
may seem, the first time detectives
ever laid eyes on him was when he
was found in Florida.

With Thatcher in jail is a beautiful
young woman, who is held as his ac-
complice. Thatcher himself stated that
she was not his wife. He has confessed,
and the records in the hands of the
Pinkertons alone connect him with the
theft of \$700,000, it was stated.

JOHNSON EXPECTS TO GET LIMIT OF DUCKS

SACRAMENTO, Nov. 22.—Governor
Johnson left for a day's duck hunting
at the West Butte Country Club, fif-
teen miles from Live Oak, where he
will be the guest of President Frank
Newbert of the State Fish and Game
Commission. The hunters say the finest
duck hunting in the world is to be
had on these grounds, so Governor
Johnson is expected to bag the limit.

Sink British Hospital Ship

50 DIE, 28 HURT, 1100 SAVED AS GREAT LINER GOES DOWN

Britannic, Once In Service of
White Star Line, Is Lost
In Aegean

LONDON, Nov. 22.—The British
hospital ship Britannic, formerly a
White Star liner, one of the biggest
ships afloat, was sunk in Zea Channel
in the Aegean Sea yesterday, the Ad-
miralty today announced. Eleven
hundred persons were saved, fifty lost
and twenty-eight were injured.

The Britannic was a steel triple-
screw steamship of 48,158 tons and at
the time it was built was the biggest
British ship afloat. She was built for
the White Star Line for passenger
service. She was commandeered for
the hospital service. The sinking in
Zea Channel indicates that the vessel
was bringing wounded from Saloniki
to England.

ALLIES CONTINUE CHASE OF FOE BEYOND MONASTIR

PARIS, Nov. 22.—The pursuit of the
retreating Bulgarian-German army,
forced from Monastir, continues today.
The Russians, heartened by the oc-
cupation of their ancient city of Monas-
tir, are pressing irresistibly north.

ARTILLERY DUELS RAGE ON SOMME

LONDON, Nov. 22.—Active artillery
fire on the enemy on the Somme was
today reported by General Haig. The
report said that the activity centered
on the British right front south of the
Ancre. North of the Ancre the British
repulsed a hostile patrol.

INTENSE FOG HINDERS FLANDERS OPERATIONS

PARIS, Nov. 22.—Intense fog is
hindering the operations along the
Flanders front, today's official state-
ment said.

CENTRAL POWERS' ENVOYS QUIT ATHENS

ROME, Nov. 22.—The departure of
the diplomatic representatives of the
Central powers from Athens amid
demonstrations, was reported by wire-
less today. They left in response to a
virtual ultimatum served the Greek
government by Vice Admiral Du Four-
nel.

ALLIES FIGHTING FOES TO KNOCKOUT—DERBY

LONDON, Nov. 22.—Discussing
peace with a group of American cor-
respondents, Lord Derby today de-
clared that any proposal from Germany
at this time would be met with what
consideration it was worth. He added that
"any proposal giving up what we are
fighting for will not be considered for
an instant," and that England's propo-
sition still is, exactly as Lloyd George
outlined it in a recent interview with
the United Press, declaring that the
allies are fighting Germany to a knock-
out.

WILSON SENT SACK OF BEANS FROM VENTURA

VENTURA, Nov. 22.—President Wil-
son is to realize the advantages of
Ventura lima beans. Simon Cohn has
sent a sack to the President as a re-
sult of the presidential election.

Bets running into the four figures
mark the result. Ventura county wal-
nuts will also grace the table of the
President during the holiday season,
as several sacks of the finest that
have been produced here this year
are being sent by local growers.

ESPEE TO HELP BUILD RAILROAD TO YUMA

SAN DIEGO, Nov. 22.—At a reunion
of San Diego and Imperial Valley peo-
ple at Campo it was announced by Wil-
liam Sproule, president, and Julius
Kruttschnitt of New York, chairman
of the board of directors of the South-
ern Pacific road, that that company
had joined hands with John D. Spreck-
els to complete the San Diego & Ariz-
ona Railroad, the Spreckels road to
Yuma.

President Sproule, Mr. Kruttschnitt
and other prominent officials of the
Southern Pacific from New York, San
Francisco and Los Angeles came to
Campo from El Centro, having made a
trip of inspection over the proposed
road from Yuma to the Imperial Val-
ley.

HERE for the first time is shown most of the heroic Americans who drive ambulances for France, and who are taking just as many chances on their lives as the Frenchmen in the trenches. Top row, left to right—Cornelius Winant, Princeton; Thomas W. Potter, New York; Daniel Sargent, Harvard; Giles B. Franklyn, John Magnin, John W. Clark, Yale; Lovering Hill, Harvard, in command. Middle row, left to right—Charles Fisher, New York; Charles Baird, Akron; Arthur Bloominghal, Wilmington; George M. Hollister, Harvard; John Monroe, Tuxedo; Thomas Buffum, Harvard; Donald C. Armour, Yale; A. Innis Brown, Arthur Graham Carey, Harvard. Bottom row, left to right—Robert W. Imbrie, Washington, D. C.; Henry B. Palmer, Coleman Clark, Westfield, N. J.; R. Browne Montgomery, Princeton, and Powell Fenton, Pennsylvania.

FUTURE OF S. A. AS FACTORY CITY CONCERNED IN MEETING TONIGHT

One of the most important meetings of citizens held in this city for some time has been called by the Chamber of Commerce for tonight at the city hall. Upon the action of the meeting may depend the future advancement of this city as a city of factories.

The meeting is called for the purpose of considering plans for the raising of a fund for the promotion of enterprises which will give employment to people and advertise Santa Ana through the sale of their products.

The suggestion of J. S. Smart that a fund of \$50,000 be raised for the encouragement of factories will be the subject of public discussion.

Every citizen interested in the welfare of Santa Ana is invited to be present.

RESOLUTION CALLING FOR FOOD EMBARGO TO BE PUT TO CONGRESS

WASHINGTON, Nov. 22.—Representative Fitzgerald will introduce a resolution calling for an embargo on foodstuffs as soon as congress convenes, according to his announcement.

WOMAN AND 2 YOUNG CHARGES BURNED TO DEATH NEAR S. ROSA

SANTA ROSA, Cal., Nov. 22.—Two children, the sons of Clyde Le Barron, a wealthy dairyman, and a Mrs. Nash who was caring for them, were burned to death last night at Valley Ford, eighteen miles west of the Le Barron homestead, it was learned today.

BOY AT EL CENTRO KILLED AT FOOTBALL

EL CENTRO, Nov. 22.—Ephraim Angell, twenty, died here as the result of a broken neck received during football scrimmage at the Imperial high school.

JOHN D.'S IDEA OF HEAVEN IS WRONG, IS PASTOR'S ASSERTION

CLEVELAND, O., Nov. 22.—John D. Rockefeller's conception of heaven and the saluts is all wrong, Rev. Dan F. Bradley, pastor of one of the opposi-
tion churches to John D.'s on Euclid avenue said today.

Recently John D. stated that St. Paul would have been a financier had he lived in the present age.

Reverend Bradley said "St. Paul would not have known Wall street or Fifth avenue. He would not have been like Mr. Rockefeller."

"Mr. Rockefeller made this statement under two false implications, first that all great men are financiers and second that the securing of an enormous fortune is proper."

2 ALLEGED WIDOWS REVEALED BY DEATH

WASHINGTON, Nov. 22.—A strange contest for possession of the body and the property of James C. Kellogg, late consul to Colon, Panama, has developed here since the death of Kellogg. On one side is a woman who says she was married to Kellogg twenty-one years ago in Germany and on the other are friends acting in behalf of another woman, now in Los Angeles, who is declared by them to be his true widow.

U. S. STEAMER BRINGS 180,000 BUSHELS OF S. AMERICAN WHEAT

GALVESTON, Nov. 22.—The Ameri-
can steamer Ausable arrived this after-
noon from Argentina with 180,000
bushels of guaranteed wheat.

BERLIN ANNOUNCES JAGOW RESIGNATION

BERLIN, Nov. 22.—It was today of-
ficially announced that Secretary of
Foreign Affairs Von Jagow intends to
resign for reasons of ill health. The
appointment of Under Secretary Zim-
merman as his successor is expected.

JAILED DRUG ADDICT WRITES VERSE; FREED

LOS ANGELES, Nov. 21.—Reclining
on the floor of his cell at the city jail,
Bill Epp, scion of a wealthy Kentucky
family and a civil engineer when not a
wanderer, composed and penned a
set of verses which told of the strug-
gles of a person addicted to the use of
opium. It won his release from cus-
tody.

Inspector Fred C. Roden of the
State Board of Pharmacy went to
Epp's cell and was presented with a
set of verses in which Epp told of his
success as an engineer and of his
downfall as a result of evil associates.
He told Boden that in Africa he was
obliged to abandon his profession and
seek the high seas, but always his
drug habit was the conqueror.

Boden took him from the jail to the
railroad yards, where he swung onto a
locomotive tender and waved good-by,
hooting: "I'm off for the Nevada
mines. I am going to conquer myself.
Moy Si Ki!"

MAY ABOLISH AUTO RACES IN CALIFORNIA

LOS ANGELES, Nov. 22.—Whether
by state legislation automobile races
shall be abolished in California is one
of the questions which probably will
be discussed at the traffic conference
on possible amendments to the present
motor vehicle act opened yesterday in
the assembly chamber in the State
Capitol at Sacramento.

The general purpose of the confer-
ence, which was called by H. A.
French, superintendent of the motor
vehicle department of the state, and to
which have been invited representa-
tives of bodies having to do particu-
larly with automobile and highway regu-
lation is to prepare amendments, or
possibly a new bill, on the modernizing
of the state auto legislation and the
standardizing throughout the state of
the various city and county ordinances
regulating traffic. It is the purpose to
attempt the passage of the amend-
ments or the possible new bill at the
coming session of the legislature.

EYES OF EUROPE ARE TURNED TO SUCCESSOR OF DEAD RULER OF AUSTRIA

But Little Is Known of New
Monarch, Archduke
Charles

BODY WILL LIE IN
STATE AT HOFBURG

Interment Will Be In Imperial
Crypt Under Church
Of Capuchins

WASHINGTON, Nov. 22.—The Em-
peror Francis Joseph's death was to-
day officially announced.

LONDON, Nov. 22.—Sixty-eight
years ago when the last Hapsburg sov-
ereign died his heart was put in an
urn and preserved and placed with
fifty-five other similar urns, each con-
taining the heart of members of the
royal family in the Church of St. Au-
gustin. It was Franz Joseph who ter-
minated this ancient custom. Accord-
ing to the dead emperor's own wishes
his coffin will be a plain wooden one
of oak and lined with white satin. It
will be covered with royal black velvet
and finally will be placed in a large
metallic sarcophagus in the imperial
crypt.

If custom is followed, Josef will not
be buried for a week probably. His
body will lie in state at Hofburg in
the Augustiner church, an edifice 400
years old.

132 in Crypt
Josef will be No. 133 in the crypt
or, more properly 132, one of the hun-
dred and thirty-three bodies being that
of a countless companion of the great
Maria Theresa, for whose fidelity and
love the empress decided that the body
should rest with her.

Interment will be in the imperial
crypt, under a plain but ancient little
church of the Capuchin fathers, for
four centuries keeper of the Hapsburg
dead.

Josef was born August 18, 1830.
His death ends a reign longer than any
modern in history except that of Louis
XIV of France, but the latter ascended
the throne when a mere child of 5 years.

In a reign bathed with blood and
shrouded with tragedy, Josef ascended
the throne when he was 18 and held
the imperial scepter for sixty-eight
years.

Little Known of New Ruler
The eyes of Europe today are turned
toward Archduke Charles Francis
Josef, the new emperor of Austria.

Though democratically inclined
very little else was known of him at
the time that the Archduke Francis
Ferdinand was murdered in 1914, caus-
ing the great war.

It is believed that the passing of the
aged ruler will mean an increase of
Prussian domination of the Central
Powers.

The Emperor, Francis Josef, is ac-
knowledgeed to have been one of the
strongest rulers of modern times.

According to custom, probably the
work of embalming the dead Emper-
or's body will be begun today.

The heart will be removed to Plavee
in a separate receptacle, although it
will later be buried with the body.

DEATH ANNOUNCEMENT MADE EARLY TODAY

VIENNA, Nov. 22.—Death has claim-
ed Emperor Francis Joseph. The an-
nouncement was made early this
morning by his physicians. Huge
throngs were gathered outside the pal-
ace and as soon as the news came it
spread like wildfire throughout the
city. Bells were tolled. The city was
plunged in gloom. The emperor was
87 years old.

Bulletins of Sunday announced that
the aged monarch was seriously ill.
Yesterday, bulletins stating that the
ruler's condition had taken a turn for
the worse, prepared the populace for
the news of the emperor's death.

COAL FAMINE PERILS PAUPERS OF CHICAGO

CHICAGO, Nov. 22.—The coal fam-
ine has reached the doors of the coun-
ty hospital, where heat means life for
the 1800 sick and dying pauper pa-
tients. The county board is threaten-
ing court action to keep furnaces go-
ing.

At Oak Forest, 3800 inmates of the
poor house and tuberculosis hospitals
are being kept warm on a hand-to-
mouth basis.

A carload of coal about to be con-
fiscated by the railroad was begged
from the Rock Island officials by Hen-
ry A. Zender, superintendent of public
service, and both institutions were
kept warm.

ANGEL IN CAMP
IS SUBJECT OF
HIS SERMON

Al Jennings Builds Strong Ap-
peal About Theft of Girl
By Outlaw

Spiritual Memorial church was
again filled last night by those who
gathered to hear Al Jennings, ex-ban-
dit, preach the gospel.
Last night's sermon was based upon
incidents in the life of Jennings when
he was an outlaw, as are all of his ser-
mons in the series he is preaching at
the Methodist church here.
Prayer last night was by Rev. Otto
S. Russell, pastor of the First Baptist
church, and the song service was led
by Director Rykert.
The sermon last night concerned
the sordid story of a woman stolen

from her home by one of his outlaw
band. He punctuated his story ser-
mon with a soul appeal and his climax
emphasized the littleness of human
passions and ambitions and revealed
the ever-working and ever-manifesting
will of the Supreme Being.

"The Angel in the Outlaw Camp"
was the title of the sermon last night.
Elmer was a young outlaw, a boy of
not over 20 who came one night unbid-
den to the outlaw camp. Jennings did
all he could to dissuade the lad from
taking up the hazardous life. The boy
insisted and Jennings finally allowed
him to become one of them. After
some months Elmer was visited and re-
appeared at the outlaw rendezvous
after a few weeks with a woman com-
panion. Asked where he got her he
explained that he had stolen her from
his home in Missouri where he also
formerly lived. Jennings compelled
him to marry the girl at once and the
story of how they rode half a day and
captured a Methodist preacher, and
made him perform the ceremony is
one of the wittiest narratives in Jen-
nings' collection.

The girl was installed at the ren-
dezvous and became the guardian an-
gel of the camp. She had brought
with her a little testament and with it
she tried to bring about the conversion
of the band and its abandonment of
its nefarious calling. She failed but
succeeded in creating an atmosphere
about the place that one would not
credit to the world's outcasts.

Elmer was finally caught in a hold-
up and lynched. Jennings and another
of the band brought his girl wife
the story of the story made the strongest
sermon Jennings has yet delivered here.

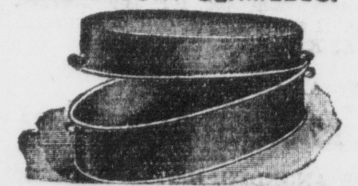

Tonight the evangelist will talk on
"The Prison Demon," a story of a
giant man, caged like a wild beast in
a prison dungeon at the Ohio peniten-
tiary where Jennings was a prisoner.
After years of mistreatment a kind
word brought about his reformation
and salvation. In this story Jennings
will reveal details of life in a great
Federal prison.

MAY VOTE ON BONDS

LONG BEACH, Nov. 22.—The resi-
dents of this city will soon be called
upon to vote on bonding Long Beach
for \$500,000 for the construction of a
civic center and an 1800-foot concrete
pier, if the plans submitted by a local
architect meet with the approval of a
body of business men who contemplate
circulating petitions calling the elec-
tion. A feature of the civic center
building would be the erection of an
auditorium seating 6000 persons.

NEWPORT AGAIN
IN 'WET,' 'DRY'
DISCUSSION

Majority Polled Against No. 2
Amendment Heartens
Saloon Element

NEWPORT BEACH, Nov. 22.—En-
couraged by the fact that at the re-
cent election Newport voted against
the "dry" Amendment No. 2 by a 77
majority, the "wets," according to in-
formation coming from sources close
to the city administration, are pre-
paring to start a movement looking to
the reinstatement of the saloons within
the next few months.

It is said to have been understood
by both sides, when the initiative or-
dinance making the city "dry" was
adopted last year, that the question
was settled for a period of two years.
The showing made by the "wets,"
however, at the recent election, has
heartened them, it is stated, to renew
the fight.

The most likely procedure appears
to be the calling of another election
late this coming spring.

MAN FELLE IN L. A.
\$40,000 MYSTERY FIRE

LOS ANGELES, Nov. 22.—Baffling
circumstances surround the origin
of a mystery fire which caused \$40,000
damage at the plant of the National
Biscuit Company, 1225-27-29 East
Sixth street, and in which George
Lynch, night clerk of the concern,
was nearly burned alive after being
knocked unconscious in the dark by
a mysterious assailant.

Fire Chief Eley, as well as the de-
tectives who are handling the case,
inclines to the theory of incendiarism,
but as yet no motive has been discov-
ered for setting fire to the establish-
ment or for the mysterious assault on
the night clerk.

The fire is the second in the history
of the plant to occur within a few
months under suspicious circum-
stances.

NATIVE SONS' CHIEF
ON PASADENA VISIT

PASADENA, Nov. 22.—That the Na-
tive Sons of California were actively
engaged in preserving the landmarks
of California and did not interfere
with state or local politics was the
statement of Bismarck Bruck, grand
president of the order, who was in the
city and has for some time been visit-
ing the local parlors of California's
popular fraternal organization in Los
Angeles and vicinity.

M'ADOO CHAUFFEUR IS
CITED FOR SPEEDING

SANTA BARBARA, Nov. 22.—The
automobile occupied by William G.
McAdoo, secretary of the treasury,
was stopped by two county traffic of-
ficers after leaving the city for the
north. The charge of violating the
speed ordinance was preferred against
the chauffeur, who was cited to appear
in court here November 28. In the car
were also Mrs. McAdoo and Charles
W. Fay, postmaster of San Francisco.
The officers say they did not know
who the occupants of the car were
until after it was stopped.

GAS-ELECTRIC MOTORS

EXETER, Nov. 22.—Gas-electric lo-
comotives are to be used on the ex-
tensions of the Visalia Electric rail-
way, now practically completed to El
Mirador. The first two engines were
delivered this week. An eight-cylinder
gas engine is used for the initial pow-
er, this driving a dynamo from which
is derived the current, which is con-
veyed to direct connected motors on
each of the four trucks.

ARE TO COUNT
NOSES AT BREA

A census of the proposed municipali-
ty of Brea will be made between now
and next Monday, at which time it is
expected that the Board of Supervi-
sors will grant the petition of Brea re-
sidents for incorporation. After the
county board has passed upon the mat-
ter, it will go to the people of Brea
for a vote upon incorporation and at
the same election officers will be chosen.

Proof of Population Will Be

daries Agreed Upon

A census of the proposed municipali-
ty of Brea will be made between now

expected that the Board of Supervi-
sors will grant the petition of Brea re-
sidents for incorporation. After the
county board has passed upon the mat-
ter, it will go to the people of Brea
for a vote upon incorporation and at
the same election officers will be chosen.

The petition for formation was pre-
sented yesterday by Attorney Albert
Lauer and a committee from Brea.
The boundaries as agreed upon by rep-
resentatives of the Brea Chamber of
Commerce call for an area 1.75 miles
long by one mile wide. Yesterday ex-
posed proof of the population of the pro-
posed municipality was not made, and
C. C. Kinsler of Brea was appointed
by the Board of Supervisors to take
the census.

At the meeting of the supervisors
yesterday the bond of M. T. Shafer,
contractor for paving Lemon street,
north of Anaheim, was accepted.

U. S. STEEL ANNOUNCES
10 P. C. WAGE INCREASE

NEW YORK, Nov. 22.—The U. S.
Steel Corporation announced an in-
crease of 10 per cent of wages of em-
ployees of its steel and iron companies,
effective December 15 next. Wage and
salary advances in other departments
of the corporation also will be equi-
tably adjusted, it was stated.

The increase, which affects in all
about 200,000 employees and probably
adds nearly \$20,000,000 to the corpora-
tion's payroll, was made, Chairman
Elbert H. Gary said, "in consequence
of the abnormal conditions now exist-
ing."

BOSTON, Nov. 22.—A ten per cent
wage increase in all the mills of the
American Woolen Company, which
employs 35,000 hands in New Eng-
land and New York state, was an-
nounced here. At the same time the
Arlington Mills, at Lawrence, employ-
ing 5000 hands, announced "a higher
scale of wages," the amount of which
was not specified. It was estimated
in textile circles that the granting of
a 10 per cent raise in all New England
mills would mean an addition of more
than \$10,000,000 a year to payrolls.

M'PHEE TO GET
DAMAGES, SUM
NOT SETTLED

Cutting of Corner Caused a
Smash That Came Near
Killing County Sealer

County Sealer George McPhee is to
be given damages for injuries received
by him when his machine was turned
over upon him as the result of a smash
from a machine driven by J. D. Lavin
of Anaheim.

That much was decided by Judge
West. The exact amount of damages
has not been fixed. In arguing the
case before Judge West, Attorneys
Williams and Rutan for the plaintiff
and Attorney R. J. Jennings for the
defendant, did not dwell upon the
amount, and Judge West stated that
he desired argument upon that point.
Five days are given each side for sub-
mitting arguments.

The contention of the plaintiff in
the trial was that the accident was
due to the fact that Levin cut a cor-
ner. He was going south on Claudia
street, Anaheim, and turned east. Mc-
Phee was going west. It was his con-
tention that had Lavin kept to the
right side of Claudia street and made
the turn properly there would have
been no accident. One of the strong-
est witnesses for the plaintiff was
Deputy City Marshal Germann of An-
aheim, who testified that immediately
after the accident Lavin told him that
he (Lavin) was to blame for the acci-
dent.

All of the witnesses admitted that
Lavin cut the corner somewhat.
There were some who said his wheels
came close to the curb, and others
who said the corner was not cut very
much.

The defense alleged contributory
negligence on the part of McPhee, de-
claring that he was traveling over fif-
teen miles an hour when the accident
occurred. Testimony as to how fast
McPhee was going varied all the way
from six or seven miles an hour up to
twenty.

McPhee sued for \$5180. His auto-
mobile was smashed, and he was se-
verely bruised, and his back was
wrenched. His most serious injury
was to one hip.

Pippis is charged with battery as well
as with speeding.

Cook caught Pippis' time as he was

Cook handed Pippis the customary

which he was accused, there soon fol-
lowed a punch from Pippis' right. Jus-

Smash of Autos

L. C. Atkinson of Los Angeles has
sworn to a complaint charging a man
named Lee of San Diego with careless
driving. Atkinson says that Lee's
machine hit his on the state highway
between Irvine and San Juan Capis-

machine.

Case Dismissed

With proof lacking to show that Es-
tevan Moreno burglarized Jose Cruz's
house at Delhi, the charge against him
was dropped yesterday after prelimi-
nary hearing, held by Justice Goepfer

he tried to enter a farm house west of

jail by Under Sheriff Iman and Deputy
Fowler.

DISCUSS CHANGES IN
MOTOR VEHICLE LAW

SACRAMENTO, Nov. 22.—General
discussion of the state motor vehicle
law and proposed changes marked the
opening session of the conference of
interested organizations and state de-
partments in the Assembly chamber at
the capitol. Former Senator John W.
Stetson of Oakland was named chair-
man of the conference, which is ex-
pected to result in an agreement on
proposed changes in the motor ve-
hicle law to be urged at the next ses-
sion of the Legislature.

Five committees will be named to
consider various suggestions for
changes in the law and report several
weeks hence.

FIVE INJURED AS
AUTO TURTLES
AT NEWPORT

NEWPORT BEACH, Nov. 22.—An
automobile belonging to J. K. Horn of
at Twenty-third street, Newport Beach,
last evening and the occupants were
given a severe shaking up although it
is thought no one of the company was
seriously injured.

The party, which included Mr. Horn
and wife, Mrs. L. S. Wilkinson, Evan-
gelist La Fontaine and the Rev.
Wood, motored in to conduct Mr.
Wood to a revival meeting which was
to have been held at Harper last eve-
ning, and in crossing the P. E. tracks
at Twenty-third street something
caused the machine to swerve from
the road and plunge over the steep em-
bankment, turning turtle and throwing
the occupants violently to the ground.
A few seconds later the machine took
fire but the flames were easily extin-
guished and the car but little injured.
The Rev. Wood of this city received
the worst of the shaking up, being se-
verely bruised and slightly cut by the
fall.

A physician of Balboa was hurriedly
summoned and arrived in time to give
first aid to the sufferers. Although
not seriously injured it was found
that all had suffered more or less se-
vere bruises.

An amusing corollary of the auto
accident occurred last evening which
shows that it is an ill wind that blows
nobody any good. One of the em-
ployes of a local garage was starting
out for Anaheim on pleasure bent and
business concerning the First and Sec-
ond Amendments, just about the time
of the accident. When he arrived at
Newport and beheld the plight of the
evangelical party he slowly turned his
machine homeward with the words:
"If two ministers and a bunch like that
go over the road perfectly sober, what
chance have we got coming home
from Anaheim?"

ARTHUR IS WINNER OF AN OIL LEASE

Possession of an oil lease in the Fullerton fields was won yesterday by L. J. Arthur in a decision rendered by Judge Myers of the Los Angeles superior court, in a suit brought by Arthur against George C. Fetterman. Fetterman fought the suit to attach the lease, on the ground that it was owned by his wife and H. A. Stouffner, a business associate.

The legal contest decided yesterday was the outgrowth of a controversy of several years' standing over the exchange of property in the Middle West, in which Arthur won a judgment of \$20,000, but was unable to levy on property held by Fetterman.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

FREIGHT RATES STAND IN WAY OF PROGRESS OF CITY

Declared That Factories Cannot Succeed Here Until Adjustment Secured

That Santa Ana can offer no inducement worth while to a manufacturing concern until it can show that concern that Santa Ana's in and out freight rates are right was one of a number of plain statements made today at the weekly luncheon of the Merchants and Manufacturers' Association, held this week at the Cherry Blossom.

Santa Ana is suffering a discrimination of twelve cents a hundred pounds, when compared with Los Angeles.

Santa Ana can get better freight rates by taking the proper steps, and going after better rates.

These were among points of vital importance pointed out today. The speaker was O. T. Helping, traffic counsel of the Joint Committee on Transportation of San Diego, Wilmington, San Pedro and Long Beach. Frankly, Helping wants to become Santa Ana's representative. He argued that Santa Ana can get better results through co-operating with the cities he represents than with the Interior Freight Bureau, which represents interior cities.

Helping was introduced by J. S. Smart, who is thoroughly familiar with freight rates and conditions.

"The harbors of Southern California look upon your Newport Beach project with favor," said he, "and bodies representing those cities have given their approval to the effort to get a harbor at Newport Bay. The advantage that the harbor will be to you will be just in accordance with the rates you can produce for your haul into the country you will serve—no more and no less. Santa Ana must join with us in the fight to save terminal rates."

Ask for Justice

Helping said that getting things from a railroad must be conducted on a business basis.

"Ninety per cent of the adjustments are secured upon conferences," said he. "The howls of demagogues do not get anywhere, and they do not scare anybody. Don't ask a railroad for what is not right, and then be prepared to go through with the fight and get what is justly yours."

The speaker declared that nowhere in the country is there a parallel to the rate structure that exists in Southern California. Los Angeles maintains a fictitious scale that prevents San Pedro and other harbor points from becoming jobbing points. It costs twice as much to ship from San Pedro to Pasadena as it does to Los Angeles. Numerous instances of unfair rates were cited. A peculiar situation that is to Santa Ana's advantage was brought out. Freight can be shipped from San Pedro to Santa Ana for the same rate that it can be shipped to Los Angeles, because it is necessary to keep up the old agreement that was made to that effect when the McFaddens sold their Newport Beach railroad line.

Must Do Something

Santa Ana cannot expand in a manufacturing way until we get this rate question settled right," declared Smart. "At present a factory could not distribute its product from here without suffering great loss from the unfair freight rates."

R. L. Bisby declared that a car of material shipped from the East would go to San Diego at a rate of \$1.75. It could stop in Los Angeles for \$1.78, but if stopped in Santa Ana the rate would be \$1.90.

"Los Angeles has the advantage of twelve cents per 100 pounds over us," said he. "Our business men do not realize how much they are wasting because of this unfair arrangement."

Smart said that later some recommendation would be made to the M. and M. Association in regard to taking definite steps toward doing something to remedy rates.

Clyde Horton was appointed as chairman for the next weekly luncheon.

UNABLE TO PAY DEBTS PASTOR SHOOTS SELF

MEMPHIS — Despondent because he was unable to pay his debts and could not give his wife and four small children the attention they should have, the Rev. John W. Dickens, pastor of the newly organized Baptist church at West Tennessee normal school, where he was to preach his first sermon, sent a bullet crashing through his breast in his room at the Y. M. C. A. He was taken to the Baptist hospital, where it was said he had small chance to recover.

DOE BATTERS SELF TO DEATH ON WIRE FENCE

CANTON, Pa.—A doe which had wandered from the woods east of Grover killed itself by dashing against a heavy wire fence, around a farmer's field near here. The deer appeared on the farm owned by B. C. Winters, where it was discovered in the midst of a herd of cattle.

The animal had evidently been chased out of the woods by dogs and was in an exhausted condition. When the superintendent tried to rescue it from among the cows, which he feared might squeeze it to death, the animal ran against the wire fence with such force that it battered itself to death.

DECEMBER 4, PAY NOW

It may not be apple blossom time in Normandie right now, but it is tax-paying time in Santa Ana, and in that connection County Tax Collector J. C. Lamb has a few things to say:

"The first installment goes delinquent on the night of Monday, Dec. 4. Payments have been coming in slowly, and I'd like to see an immediate increase in speed so that there will not be such a big rush at the finish. Time will be saved for the taxpayer and for this office if he will bring his tax bill with him. Those bills were mailed out last month. They make tax paying simple. The person who comes here without a tax bill can't expect to be waited upon with ease."

TUSTIN MAN FIGHTS SPEED CHARGE AND IS ON TRIAL TODAY

W. A. Stafford of Tustin is on trial today in Bakersfield on a charge of speeding. Deputy Sheriffs Cravath and Maxwell are summoned as witnesses, one for the defense and the other for the prosecution.

Three or four weeks ago the sheriff's office here got word from Bakersfield that a man who gave his name as Joe Brown had been arrested for speeding, had been notified to appear in court and had not appeared. The number given in the letter turned out to be for a Paso Robles man. Later word was received that the number was an error, and the corrected number gave the machine as belonging to Stafford.

The Bakersfield motor cop came down, and positively identified Stafford as the man he had arrested. Stafford said he was not in Bakersfield at the time. He was taken to Bakersfield, and gave \$100 bail. His trial is today. Cravath was summoned by the defense to bring the letters that gave the number as that of the Paso Robles man. After Cravath reached Bakersfield yesterday, Maxwell received a message instructing him to appear as a witness for the prosecution, supposedly in connection with statements that Stafford made here.

GIRL FLIER TO TRY TRIP, L. A. TO ATLANTIC

LOS ANGELES, Nov. 22.—Katherine Stinson, the girl aviator, who passed through Los Angeles on her way to Japan and China to fill a \$50,000 contract for exhibition flights, declared here that she would return to Los Angeles in April and attempt from here a fast ocean-to-ocean flight.

Miss Stinson was sparking with girlish enthusiasm for the Chicago-New York flight of Miss Ruth Law and her new cross-country distance record. But, while yielding the tribute of her enthusiasm and most generous praise to Miss Law, Miss Stinson is holding to her determination to fly across the United States from the Pacific to the Atlantic in as nearly continuous flight as possible before Miss Law achieves that feat.

One of the first things Miss Stinson did when she arrived was to send Miss Law a congratulatory telegram.

DUTY AND OPPORTUNITY

Most men are responsive either to the call of Duty or the call of Opportunity. So there ought to be a very general and generous response to the call for a joint meeting of the M. and M. and C. of C. at the City Hall tonight; for in that call is heard both the voice of Duty and the voice of Opportunity.

It is the Duty of every man to do all in his power to promote the welfare of the community in which he lives, from which he gains his livelihood and in this Duty he usually finds his own highest and best Opportunity.

There can be no doubt that the right kind of manufacturing industries would be a good thing for Santa Ana and that Santa Ana is in many important respects an ideal place for such manufacturing industries. Equally there can be no doubt that the judicious expenditure of a reasonable amount of money coupled with persistent and intelligent effort, would secure such industries for Santa Ana.

Manufacturing in Southern California is growing rapidly; climatic conditions alone constitute a sufficient advantage to give it a tremendous impetus, once it gets fairly under way; and in this respect Santa Ana, with its superb summer climate stands without a peer among cities of its size and character. Add to this the ideal moral and social conditions, our transportation facilities, which will soon include water as well as rail, and we have a combination hard to beat.

Get some manufacturing started here and we'll soon have that hotel and that Y. M. C. A., those public playgrounds and all the other things for which we feel so great need.

INDEPENDENT VOTING

The remarkable thing about the recent election is the utter irregularity of the verdict. Two states are found to exist side by side, where social and economic conditions and personal temperament seem about alike. Yet they show radically different results. While New York, for instance, goes strongly Republican, Ohio, a near neighbor, with similar traditions and habits and population, goes radically opposite.

Similar tendencies are seen in the voting in individual precincts. People who were taking returns in newspaper offices say they were surprised by the irregularities. "A" would run ahead of "B" in one town; in another close by, similar in character, "B" would run ahead of "A." The voters are doing their own thinking under their own hats. The party will win that presents the best issues and the best candidates. It cannot expect to win on its record, no matter how good that is.

The old-time party loyalty produced a unity and harmony of action that many of our older people hate to see disappear. But the modern spirit emphasizes the individual judgment. The voters will not be held down by any past traditions.

The politicians need to realize that the days of straight party voting are over. They have realized that pretty well during the last election. Most people who have read many speeches the past campaign will be able to recall scarcely any in which the straight old-time appeal to party loyalty was made.

A few years ago the politicians used often to issue addresses beginning with the historic phrase: "Now is the time for every good citizen to come to the aid of his party." Party faith was conceived as a kind of religion, and scratching a single name was a deadly and contumacious apostasy. Today people who are thoroughly convinced that the success of their party is desirable, usually feel that when a bad nomination is made, they render their party the best service if they vote against that nomination.

PILLS OF BEECHAM

Joseph Beecham died the other day in England. He got his knighthood, \$140,000,000 and a worldwide reputation out of pills. Sir Joseph believed in advertising—in printer's ink—he spent more money on advertising and got more out of it than perhaps any other man who lived.

Probably the most daring exploit was the hymn book trick. He had an edition of hymn books printed for sale around the holidays. All over England people opened the books on Christmas day and started to sing an old and hallowed hymn. Those who followed the text sang:

"Hark, the herald angels sing,
"Beecham's pills are just the thing."
The trick was outrageous, of course, but it made the people of England

man who talked nothing but his remedy and thought nothing out it and saw opportunity for advertising it in every circumstance that developed.

There is no doubt Sir Joseph thought he was a public benefactor. If he did not believe in his pills he would not have been so persistent in telling the public about them.

He deserves study not as a maker of pills but as a maker of advertising. He was a genius in that line. And when he made his advertising he advertised.

There was an American whose pills were every bit as good as those of Beecham. He might have made a great fortune out of them but he lacked one element in which Beecham was strong—persistent advertising. He built up a big business and made a lot of money. Then he decided that everybody knew about his pills and there was no further need to spend money on telling them about his product. He ceased advertising and the people ceased talking about his pills and when they ceased talking about them they ceased buying them.

The manufacturers of a certain toilet soap in England, after building up a tremendous business through advertising, suddenly retrenched on their advertising appropriation. Their business fell off so quickly it caused widespread alarm. Now these manufacturers have had to triple their advertising appropriation in efforts to get back their business. They had quit advertising and the people had quit saying: "Good morning! . . . etc."

Persistence in advertising has come to be a character in business life as important as persistence in any other line of endeavor.—Fresno Herald.

woman applied for a school in an Orange county city, which is more than ordinarily straight-laced as to the conduct of its teachers. Said the clerk of the board of trustees, looking sternly at the young woman over his spectacles, "Do you play cards and dance?" A smile dimpled over the pretty countenance as the maiden replied soberly, "Oh, I didn't know I had to be proficient in those subjects, also." O.L.

"Craiova has fallen." What thoughts must have flashed across the fast dimming consciousness of the old Austrian monarch ere he passed into the Great Silence. "Craiova has fallen." Victory looming at last, but at what frightful cost. Two millions of his soldiers lost in the most appalling conflict known to history, his empire wracked with the tortures attendant upon the sacrifices made for the perpetuation of the war. "Craiova has fallen." Were not those words, barely impinging themselves upon the tottering brain of the dying ruler, to him but a final fiendish thrust by that leering fate that had, throughout his tragic life, taunted him eternally with visions of happiness and peace, only to shatter his hopes again and again with disaster after disaster. "Craiova has fallen." What bitter cynicism in those three words! What hopelessness! H.A.R.

IS A NON-PARTISAN ERA DAWNING?

(From the Riverside Enterprise, Regular Republican.)

Any student of the political times, must be impressed with the change that is taking place in party alignments. The distinction between Republicans and Democrats is not as great as it has been at any time in the past. Should the present administration really achieve the plan for a non-partisan, scientific tariff commission that will honestly handle the tariff on an economic basis, legislation that was favored by no less a Republican than William Howard Taft, the greatest difference between Republicans and Democrats will have been done away with. There will and must continue to

With Malice Toward None
By Henry James

The Newspaper Doctor

There is a type of doctor who writes for the papers, and he is a source of comfort and delight. It is his aim to please, and he does it.

For instance some doctors advise walking. There are people who do not like to walk. They are fat or lazy. They have a car of their own or do not scorn a share of a street car. It distresses them to be told they must walk.

There is no occasion for the distress, nor for the walk. All they have to do is to read the output of another writing doctor, and soon or late they will come upon the information that walking is hurtful, and that a man who hoofs it when there are wheels available is a rube.

Same as to diet, to habits of bathing, to the quantity of clothing, to sleeping indoors or out; same as to any old thing.

One doctor writes in favor of the hot tub, another in favor of the cold; one for vegetarianism, and a second for meat; one for four hours of sleep, and the next for all the sleep you can soak into your system.

The ultimate result is that people do as they please, and get along very well, and whatever their conduct it is sure to accord with the views of a writing doctor somewhere.

Peace Wanted

All the powers of Europe want peace, and say so, but they are bluffers just the same.

The peace each desires is a condition in which it shall be competent to maintain good order, nobody being strong enough to dare to interfere with it; the regular lamb and lion peace, with the lamb visible simply as a bulge.

Boysish Pranks

A band of youthful bandits with a long record stopping barely short of murder explain that they robbed only as the evidence of ebullient spirits, the act being equivalent to the bubbling laughter of innocent boyhood.

Still, a lot of big boys with pistols and a covetous eye on your money constitute too serious a menace to be looked upon as merry jesters.

There is a point of transition at which a prank becomes a crime, and if these chaps passed it without recognition the duty of making them acquainted with it should not be side-stepped.

Nine out of every ten citizens in Southern California will say "amen" to the action of the Los Angeles board of supervisors in refusing to grant permission to use the public roads of Downey for horse and automobile racing. The board's refusal to grant the request for such a permit indicates that it is going to take a stand against automobile racing on the public roads, and in effect, means that a repetition of the tragedy at Santa Monica last Saturday, when four people were killed as the result of the Grand Prize race, will not be possible in the future. The game is not worth the price. Unless the board reverses itself, there will be no more such races at Santa Monica. H.F.

Automobilists may start Saturday afternoon on an over-Sunday trip without fear of being haled into court before the following Monday for the imposition of sentence should they be caught speeding or fall into the clutches of the law for reckless driving. They are not immune from arrest, however. Bail will provide temporary relief, as usual. Judge Craig, of the Los Angeles Superior Court, rendered a decision Monday to the effect that the Saturday half holiday obtains in the country as well as in the cities, and in accordance with this decision set aside the judgment of the justice court at Calabasas imposing a twenty-day jail sentence on an automobilist for reckless driving. The sentence was passed on a Saturday afternoon. This is a warning to country justices that they should take Saturday afternoons off and give their judicial minds opportunity to wander along other lanes of thought. H.P.

request, the fear may be dismissed right now. There are various things that Carranza is capable of doing, but letting go of a fat position, with gold braid incidentals, is not one of these.

Carranza has an ambition to be president, although why such an ambition should be cherished in the human breast is a mystery. Already he holds the reins of authority, and were he to relinquish them, they would be grabbed by a rival. No matter who shall be elected, the one who is on the spot will get the office and the emoluments that go with it. Carranza is on the spot, and while an army might oust him, an election can't.

The Museum'll Get Him

Swelled was his chest and bright his eye,
Erect he held his head;
To an acquaintance passing by
He beckoned and he said:
"I am a beaten candidate,
They wiped me out for fair,
And I hereby asseverate
That not one whoop I care."
The man addressed stared in amaze,
But managed to remark:
"A museum freak you'll end your days,
Unless you keep it dark."

Backsliding

A naturalized citizen of Chicago desires to relinquish his citizenship.

There is no certainty as to how this may be accomplished. If the chap really wants to be denaturalized, the chemical process by which alcohol is changed thus might be found effective, especially if the alcohol were inside of him at the time of the operation.

JUDGE TO SEE MOVIE
LOS ANGELES, Nov. 22.—A film portrayal of California's history will be rendered for the benefit of United States District Judge Oscar A. Trippe. Attorneys in the copyright infringement suit brought by the Rand McNally Company of Chicago against the Monrovia Feature Films Company and several of its officers, have deemed it essential that the court be shown the photoplay in order to give comprehensive consideration to the plaintiff's application for an injunction pendente lite, which would tie up exhibitions of the spectacle, "The Daughter of the Don" throughout the United States.

PAST MATRONS MEET

Pleasant Gathering Held Yesterday With Mrs. J. S. Perry, Good Report

The members of the Past Matrons Association were pleasantly entertained yesterday afternoon by Mrs. J. S. Perry at her home, 809 Spurgeon street. A short business session was held, the president, Miss Pauline Reinhaus, presiding.

An interesting feature of the afternoon was the reading of the worthy Matron's report of the forty-fourth annual session of the Grand Chapter of the Eastern Star held at Santa Barbara, October 16-20.

As the worthy matron, Miss Martha Whitson, was unable to be present, her report was read by Mrs. F. L. Tople and was greatly appreciated by all.

Refreshments were served by the hostesses at the close of the afternoon. Those present were Meses. George Balderston, W. M. Clayton, D. W. Crawford, S. J. Evans, J. A. Harvey, M. L. Palmer, U. D. Pallner, J. S. Perry, H. H. Reeves, Max Reinhaus, O. M. Robbins, W. H. Thomas, P. L. Tople, T. A. Winbiger and Miss Pauline Reinhaus.

Mrs. Winbiger will entertain the ladies at their next meeting December 19.

Social Tea

The Daughters of Veterans' social tea will be held at the home of Mrs. L. Liveness, 832 North Ross street, Friday afternoon. A good attendance is desired, especially of the newer members.

REVIVAL SUBJECT

The subject at the First Christian church tonight is, "Is the Scripture Doctrine of Hell, Reasonable? Is it Scientific?" Rev. Paul E. Wright will preach.

WOMAN SUFFRAGE

Subject of Excellent Papers Given at Woman's Club Meeting Yesterday

The regular meeting of the Woman's Club was held yesterday afternoon at the home of Mrs. Annie Gale on Spurgeon street. In the absence of the president, the vice president, Mrs. C. H. Stanley, officiated.

Mrs. Ruth R. Tiffany, the club delegate to the district convention at Redlands last week, gave a very comprehensive and interesting report.

Mrs. B. Uttley also acted as a delegate and gave a brief report.

This was followed by papers given by Meses. H. H. Sharp and C. C. Wells, on "Has Woman Suffrage Accomplished What Its Advocates Claim for It?"

A vote of thanks was given to the ladies, who contributed so much to the afternoon's entertainment.

Mount Mellick Club

Mrs. L. M. Sproull was hostess yesterday afternoon at a delightful meeting of the Mt. Mellick Club. Early Christmas shopping was discussed by the members while they plied their needle with their Christmas fancy work.

Dainty lap refreshments were passed by the hostess, Cecile Brunner, roses being used for decoration.

Mrs. Frank Foote was the guest of the club and the following members were present: Meses. Amos Cox, J. E. Kellogg, George Paul, Mary Matthews, N. T. Edwards and Frank Andrews.

Altar Society Meeting

St. Joseph's Altar Society will be entertained tomorrow afternoon by Mrs. Anna Owens and Mrs. F. J. Wagner at the home of the former, 715 Minter street. All ladies of the congregation and especially strangers are cordially invited.

BUFFET SUPPER

Mr. and Mrs. W. L. Deimling Honoring Miss Frackleton and Mr. Carden

One of the most delightful of recent social affairs was the buffet supper and progressive whist evening given last night by Mr. and Mrs. W. L. Deimling at their home on North Broadway, in compliment to Miss Ruth Frackleton of Los Angeles and Lester Lincoln Carden, whose engagement announcement has just made pleasant news for their many friends.

The announcement was made Monday at the Hotel Alexandria, following a matinee party at the Orpheum. The nuptials are not to be celebrated before the first of the year.

The bride-to-be is a popular young musician, who has made many friends here, where she has conducted classes, and Mr. Carden is a member of the firm of Hill & Carden and one of Santa Ana's respected young citizens.

Mrs. Deimling, assisted by Mrs. R. C. Peterson and Misses Katherine Lutz and Kathryn Ennis, a cousin spending the winter at Long Beach from Butte, Montana, served a tempting buffet supper at 7 o'clock yesterday evening, using three tables.

The place cards held clever rhymes, and created amusement when read aloud. R. C. Peterson read amusing ten commandments to husbands and Mrs. Frackleton read the ten dedicated to women and these were followed by toasts to the complimented couple.

The remainder of the evening was devoted to progressive whist, the high prize for the ladies very appropriately going to Miss Frackleton and the consolation to Miss Kathryn Ennis, while the first trophy for the gentlemen went to Elmer Prince and Howard Timmons took the consolation.

The honored couple were thoroughly surprised when they were showered with kitchen utensils.

The rooms were made attractive with pink carnations and roses and besides the hosts, the company numbered Meses Ruth Frackleton, Marie Briggs, Katherine Lutz, Esther Fluor, Kathryn Ennis and Helen Carden; L. L. Carden, Elmer Prince, Ralph Wallbridge, Harvey Gardner, James Givens and Howard Timmons; Mr. and Mrs. Harold Frackleton and Mr. and Mrs. R. C. Peterson.

Sunday Wedding

Mrs. Myrtle Crystal Morrison, daughter of Mr. and Mrs. M. H. Morrison of 1120 East Washington avenue, was married last Sunday at 10 o'clock at the home of her parents, to James Dyer Kenner of Irvine, Rev. A. T. O'Rear officiating at the quiet ceremony.

The home was decorated with roses, carnations and zinnias and the bride was becomingly attired in white silk.

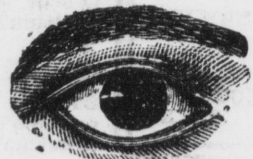

A number of handsome presents were received by the young couple, who went to Los Angeles for their honeymoon. They will reside at Irvine.

Besides the immediate family, there were present Mr. and Mrs. Henry Moore of Los Angeles, Mrs. Aigen of Orange and George Morrison.

Mmes. Kendall, Collier Entertain. An auction bridge luncheon was thoroughly enjoyed yesterday by about twenty-five friends of Mrs. L. A. Collier and Mrs. C. S. Kendall at the latter's home on Cypress avenue. Luncheon was served at one o'clock.

Six small tables were utilized and centered with low bowls of snowy white marguerites and lacy ferns, the place cards being marked in gold and white.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or any brand, new or old, that may be offered is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

Mrs. Paul Shoup was an overnight guest of Dr. J. P. Boyd and Miss Rosa Boyd.

Mrs. Bert King, of Laguna, who has been the guest of Mrs. Joe Babbitt for a few days, returned home today. Mrs. King has been ill for several days.

Mrs. Mary Matthews and Miss Louise Cotant spent today in the Angel City.

Billiard Ball Hurler Arrested Yesterday

Detective Sepulveda, working out of the sheriff's office in Los Angeles, has landed another Mexican wanted by the Santa Ana police, making the third man wanted here that he has picked up in the past week or ten days.

Parra Lopez, wanted here on a battery charge, was arrested in Los Angeles yesterday by Sepulveda, and was brought to the Orange county jail last evening by City Marshal Joranson.

Parra assaulted the proprietor of a Japanese pool room on east Fourth street about a week ago and during he rumpus hurled a billiard ball at the Jap. The trouble resulted from he Jap refusing to permit Lopez to play billiards or pool because the Jap believed him to be under age.

AMUSEMENTS

At Clune's

Enid Markey, who is co-starred with Frank Keenan in "Jim Grimsby's Boy," new Triangle-Kay Bee feature, has in this play a part quite different from any of the others in which she has appeared under the Triangle banner, many as these have been. The film will be shown tonight only, at Clune's.

Miss Markey can truthfully be said to have been with Triangle from the start, as she appeared in "The Iron Strain," which was one of the two drama releases of Triangle's first week. Then she had the leading feminine role in "Aloha Oe," the Hawaiian play which created a marked sensation wherever it was shown. Leads in "Between Men," "The Conqueror," "The No-Good Guy" and "The Phantom" followed; then she had one of her most outstanding roles, as the Aztec princess, in the Wm. S. Hart drama, "The Captive God." Since that she has appeared in "Shell 43" and "Lieut. Danny, U. S. A."

A third member of a noteworthy trio in "Jim Grimsby's Boy" is Robert McKim, who appears as the successful suitor of "Jim Grimsby's Boy"—the latter being really a girl.

At the Temple

Three young women who stand thirty inches high are contributing the feature of the new vaudeville program for Thursday evening at the Temple Theater. These three little women have one of the most enjoyable novelties presented at the Temple in several weeks. They sing and dance, and one of them proves her worth as a comedienne. So many have evidenced a desire to meet them that a stage reception has been arranged for Saturday afternoon. All women and children are cordially invited to this reception.

For Thursday and Friday a five-act feature, "Wanted—A Home," will rouse a sympathetic response in the hearts of all "picture fans."

'BILLY' ARNOLD DIED AT BLYTHE LAST WEEK

William P. Arnold, for a number of years employed as a barber at the Rossmore Barber Shop, died at Blythe last Wednesday. "Billy" was popular here. Tubercular trouble made it necessary for him to move away. At Blythe, he recovered his health. A few months ago he passed through Santa Ana by automobile on his way to visit his parents at Myrtle Point, Ore. He returned to Blythe. On November 5 he went hunting and contracted a severe cold. Before he recovered from it he was taken with typhoid fever, from which he died. His body was shipped to Oregon for burial. "Billy" Arnold had a host of friends here, who knew him as a man of clean habits and of a likeable disposition.

STATE EDUCATOR PRAISES WORK OF P-T. A'S

Commissioner Says She Always Gets Good School Ideas on Visits Here

Elementary Schools Need Better Paid Principals and to Stop Waste

Dr. Margaret Shallenberger McNaught, state commissioner of elementary schools, passed yesterday in Santa Ana and the members of the Parent-Teacher associations feel a great pride and encouragement in the tribute paid their work in the words of high commendation given them by this talented woman.

Mrs. John N. Anderson, president of the City Parent-Teacher Federation, presided during a meeting of all the associations and city teachers in intermediate assembly hall in the afternoon, after Dr. McNaught had been taken on a visit to the schools by Superintendent J. A. Cranston.

Mrs. Anderson stated that when Johnnie and Susie start to kindergarten, very little thought of the great educational system of the state enter into the minds of their parents, but as Johnnie's and Susie's young ideas shoot up into the higher grades, mother and father realize that there are many teachers and many other forces tending to build up their children's character and education.

J. A. Cranston pleasantly introduced Dr. McNaught and said in the course of his remarks that it was a pleasure to show to the trained eye and sympathetic heart of this talented woman and commissioner the city schools and explain the work being done here. Superintendent Cranston stated that Dr. McNaught is doing a wonderful work, her reputation not only being known in California, but throughout the United States.

In Conversational Way
 Dr. McNaught just talked to her

TRIANGLE CASH MARKET & GROCERIES

Stop complaining to your grocer about the high cost of groceries. Don't heap upon his already overburdened shoulders the high cost of living. He is not charging you enough for your demands. You take up fifteen cents worth of his time every time you call him over the phone. Think of the high priced auto he must keep up, with which to deliver your order—a man to run it—a bookkeeper to keep your accounts—and the clerk here. My heart goes out in sympathy to the poor grocer. Don't fill his cup of sorrow any fuller. I wonder how he sleeps at night. Stop complaining.

Come in where you buy no service—no telephone—no delivery—no man's time. Come right in. Everything is arranged in alphabetical order—prices marked in plain figures. If you are looking for coffee, look under the letter C. Right there we will save you 20%. If for soap, look under letter S—you will save from 5% to 20%. Shortenings under letter S. See for yourself what you can save here.

Can you afford expensive help in your home? Neither can you afford to pay for service in your store.

Don't pay 25c for Bacon Backs when you can get them here for 19c.

Don't pay 10c a cake for Palm Olive Soap or even 3 for 25c. Go where you can get 2 for 15c.

Don't pay 5c a cake for Rub-N-More. We sell it for 4c. That's enough.

Don't pay 25c for Mermaid Washing Powder when you can get it for 17c.

Don't let a clerk tell you that Newmark's Spices can not be bought for less than 10c. We sell them for 8c.

If anyone tells you that you can't buy a half pound of Lipton's Tea for 29c, go to the Groceries and see for yourself. Space will not allow us even to mention prices on Flour and other items. We can save you from 5% to 20% on your groceries. Come in and see for yourself. Everyone cordially invited.

Marie Doro, Famous Stage Star, Engaged for a Long Term by Lasky to Appear in Paramount Pictures.

A picture that will be of great interest to all Santa Anans comes to the West End Theater Thursday and Friday. The title of the production is "The Lash," and features Marie Doro. It was taken at Balboa during the summer, at which time the Lasky company had hundreds of actors employed there.

The date of showing of Clara Kimball Young in "The Common Law" will be announced shortly.

audience and it was a most interesting chat. She told all about her work in connection with the State Board of Education and showed what a load of responsibility is laid upon the shoulders of three commissioners, who are educational experts, while the state board members are chosen from among the laymen and depend for much of their information from the commissioners.

Why "An-uric" is an INSURANCE Against Sudden Death!
SUFFERERS FROM BACKACHE, RHEUMATISM AND KIDNEY TROUBLE.

Before an Insurance Company will take a risk on your life the examining physician will test the urine and report whether you are a good risk. When your kidneys get sluggish and clog, you suffer from backache, sick-headache, dizzy spells, or the twinges and pains of lumbago, rheumatism and gout. The urine is often cloudy, full of sediment; channels often get sore and sleep is disturbed two or three times a night. This is the time you should consult some physician of wide experience—such as Dr. Pierce, of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Send him 10 cents for sample package of his new discovery—"An-uric." Write him your symptoms and send a sample of urine for test. Experience has taught Dr. Pierce that "An-uric" is the most powerful agent in dissolving uric acid, as hot water melts sugar, besides being absolutely harmless and is endowed with other properties, for it preserves the kidneys in a healthy condition by thoroughly cleansing them. Being so many times more active than lithia, it clears the heart valves of any sandy substances which may clog them and checks the degeneration of the blood-vessels, as well as regulating blood pressure. "An-uric" is a regular insurance and life-saver for all big meat eaters and those who deposit lime-salts in their joints. It can now be obtained of the best druggists in 50-cent packages.

Dr. Pierce's Pleasant Pellets for the liver and bowels have been favorably known for nearly 50 years.

STOPS HEADACHE, PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

have from one to seven associations and some have none.

It was stated by Dr. McNaught that the elementary schools need two things, more salary for the principals and a way to stop the waste, which is especially apparent in the handling of the funds in country districts.

The visitor expressed great admiration for the beautiful group of high school buildings and complimented the stand taken for the establishment of a municipal moving picture theater here.

Superintendent Cranston closed the interesting meeting by a word favoring the contemplated theater and said that if it became a reality, it would be bound to make for an uplift in the other play houses of the city.

The meeting was opened by two well rendered numbers by the Intermediate High School orchestra and two choruses by the glee club, which were greatly enjoyed.

SEND NEWSPAPERS TO STREET NUMBER OR EXPECT DELAY

Here is a notice to the patrons of the Santa Ana postoffice. As issued by Postmaster C. D. Overshiner, it follows:

"Section 607 of the postal laws and regulations is hereby quoted for the benefit of the general public:

"At city delivery offices where a city directory is available it shall be used when necessary to ascertain the addresses of persons to whom letters are directed, and it should also be used in the case of transient newspapers and other matter of the third and fourth class where the error in or omission of the street address is evidently the result of ignorance or in advertence; but when circulars, printed postal cards, or other matter, except letters, arrive at any postoffice in large quantities, mailed apparently by the same person, or firm, and from which the street addresses have been omitted, the directory need not be used to supply such omissions, and all such circulars, etc., which can not be delivered through boxes or by letter-carriers shall be placed in the general delivery to await call."

"The work of this postoffice has reached the state where clerical help can not be spared to hunt up addresses other than first-class matter, and from now on all other mail not definitely addressed will be placed in the general delivery subject to call. If you are a regular subscriber to any newspaper see that it comes properly addressed and thus secure the benefit of free delivery."

BILL POSTING MOVIE ACTRESS IN OVERALLS ARRESTED AT VENICE

VENICE, Nov. 22.—Miss Dorothy May, one of the girls who is out putting up posters for the "movie ball" to be given in Los Angeles, came into Venice dressed in overalls and started to put up posters on a fence. The result was that she landed in the police station on the charge of putting up posters without a license. She was stopped on the complaint of Frank Prior. The girl was at the station about an hour.

The girl was attired in overalls, working shirt, and when arrested was busy snipping "one-sheets" all over the city. When it was explained that Miss May has a permit from L. C. Speers the charge was dropped. Miss May then boarded her auto and headed towards Los Angeles.

COUNTY METHODIST SOCIAL UNION HAS MEETING AT ORANGE

ORANGE, Nov. 22.—Opening, at 10:30 yesterday morning the Orange County Methodist Social Union held an all-day meeting in the Methodist church of this city. There was a large attendance.

Rev. Robert J. Coyne of Huntington Beach conducted devotionals to open the morning session. At 11 o'clock there was a round table discussion conducted by Rev. H. W. Peck of Santa Ana. This dealt with a number of interesting topics, some of the points being "Union Services," "Individual Church Revivals," "Revival Efforts of the Sunday School," "Revival Preparations," "Care of Converts," "Personal Workers in the Home," "The Office, the Shop and the Field."

A layman's address was given at this session by Sherman Gilgoly of Orange.

The women of the church served a very delicious luncheon at the noon intermission. The affair was well patronized.

The session resumed at 2 o'clock. After devotionals by Rev. F. G. Watson of Santa Ana there was a discussion on "Books That Help," conducted by Rev. Robert John Coyne of Huntington Beach. The principal feature of the afternoon was the sermon by Rev. H. I. Rasmus of Long Beach.

The evening evangelistic service was conducted by Rev. Vincent Hunter Brink.

He Uses the Safe and Sure Thing at Home

F. A. Efrd, Conejo, Calif., writes as follows:—"I have sold Foley's Honey and Tar Compound and also other lines of cough remedies for a number of years, but never use anything but Foley's Honey and Tar Compound for my family or myself, as I find it produces the best results, always cures severe colds and sore chest and does not contain opiates or other harmful drugs."

Unthinking and careless people neglect their coughs and colds, not realizing how they weaken the system and lower the vital resistance to such grave diseases as bronchitis, pleurisy and even pneumonia.

For promptly averting serious results from a cold, use Foley's Honey and Tar Compound. It spreads a healing soothing influence over raw inflamed surfaces, eases tightness and soreness of chest, helps cough, whooping cough, stuffy wheezy breathing, bronchial and is gripe coughs.

POLY ELEVEN TO MEET POMONA ON NOV. 30

Whatever hopes there may have been on the part of Santa Ana football fans that that time-honored institution, the Thanksgiving Day game between the current high school team and an alumni team, would again be pulled off in Santa Ana this year seem to have been dissipated by the completion of arrangements for a game between the Polytechnic and the Pomona High School elevens at Pomona on Turkey Day.

WINTERSBURG

SHOWER IS PLANNED FOR THANKSGIVING

Wintersburg Folk Will Help L. A. Methodist Mission On Sunday

WINTERSBURG, Nov. 21.—The people of the neighborhood are to give a Thanksgiving shower next Sunday for the Methodist mission in Los Angeles. Barrels will be placed in the church vestry, and packages of potatoes, apples, beans, carrots—all kinds of vegetables, jelly, clothing—in fact, anything that could be used in a home, may be placed therein. It is not intended to make this a tax on any one, but simply an opportunity to help less fortunate ones by sharing with them what the more fortunate have in plenty.

WOMAN AVOIDS OPERATION

Medicine Which Made Surgeon's Work Unnecessary.

Astoria, N. Y.—"For two years I was feeling ill and took all kinds of tonics, but I was getting worse every day. I had chills, my head would ache, I was always tired. I could not walk straight because of the pain in my back and I had pains in my stomach. I went to a doctor and he said I must go under an operation, but I did not go. I read in the paper about Lydia E. Pinkham's Vegetable Compound and told my husband about it. I said 'I know nothing will help me but I will try this.' I found myself improving from the very first bottle, and in two weeks time I was able to sit down and eat a hearty breakfast with my husband, which I had not done for two years. I am now in the best of health and did not have the operation." Mrs. JOHN A. KOENIG, 502 Flushing Avenue, Astoria, N. Y.

Every one dreads the surgeon's knife and the operating table. Sometimes nothing else will do; but many times doctors say they are necessary when they are not. Letter after letter comes to the Pinkham Laboratory, telling how operations were advised and were not performed; or, if performed, did no good, but Lydia E. Pinkham's Vegetable Compound was used and good health followed.

If you want advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

MUSTACHE OPTIONAL IN BRITISH ARMY

Old Ukase Modified, Much to Satisfaction of Younger Officers

BY HAL O'FLAHERTY

(United Press Staff Correspondent)

LONDON, Nov. 22.—And it came to pass that those in command of England's new army relented, saying: "Wherefore have we made burdensome the lives of our younger officers in that we require adornment of the upper lip, let there be modification of our order leaving to the discretion of the wearer the matter of facial decoration."

Perhaps not in those words but somewhat in that manner, the famous order requiring British officers to wear mustaches has been placed among the relics of the world war. Originally paragraph 1696 of the King's Regulations read as follows: "The hair of the head will be kept short and the chin and under lip will be shaved, but not the upper lip. Whiskers, if worn, will be of moderate length."

From this ukase, have been stricken the words "but not the upper lip." Hence, the British officer today may or may not cultivate a mustache, according to his own inclination or that of his wife or sweetheart. But here is where the rub comes in—the chin and under lip must be shaven. Those desiring a beard are forced to grow either a Dundreary or mutton-chops, neither of which is considered becoming.

On the memorable day when the mustache order was modified, barber shops looked like recruiting offices. Youthful lieutenants whose efforts of months had produced nothing but a fuzzy shadow and whose usual apologetic order to the barber was: "Just let the upper lip alone," dashed in and impatiently awaited their turn to say: "Shave that thing off."

CITY IN COAL TRADE

TERRE HAUTE, Ind., Nov. 21.—The city of Terre Haute, through Mayor Gosson, entered the retail coal business and greatly reduced the cost to the consumer. Residents of the city through the municipal market were able to buy Indiana coal at \$2.75 a ton. Dealers were asking \$6 a ton for the same grade of coal. Mayor Gosson has leased a mine and hired 200 teams to haul the coal to the city.

Austrian Ruler's Reign Filled With Tragedies

The death of Francis Joseph is a remarkable climax to the long list of tragedies in the Hapsburg family—a list unparalleled in any other reigning house in Europe. He dies in the midst of the world's greatest war, which he himself largely brought about by his determination to avenge the act of assassination of his heir, the Archduke Francis Ferdinand, as the result of an alleged Serbian conspiracy, while on a state visit to Bosnia on June 28, 1914.

Francis Joseph was 86 years old at the time of his death. He was born August 18, 1830. He was only 19 years of age when he ascended the throne of Austria, upon the abdication of his uncle, Ferdinand I, on December 2, 1848, making his active reign extend over a period of sixty-eight years, all but the first twenty of which he was also Apostolic King of Hungary. It is doubtful that in all history there has been an active, authenticated reign that was longer.

A Ruler to End

The aged monarch, although he had suffered serious inroads upon his health for many years past, was strong enough to keep a firm grip on affairs of state almost to the last.

In November, 1915, on the occasion of a visit of Emperor William of Germany to Vienna, it was rumored that Francis Joseph was about to make a possible move for a separate peace, but owing to the strict censorship in Austria there was no confirmation of such a report.

The ultimatum of July 23, 1914, which Francis Joseph sent to King Peter of Serbia, denouncing the anti-Austrian propaganda in that country and demanding prompt punishment of the assassins of Archduke Ferdinand, was supposedly dictated by Francis Joseph himself and it was this document that directly precipitated the war now ravaging Europe.

Sees History Made

Aside from the great war Francis Joseph's reign was one of the most eventful in history. From his imperial vantage point he saw the French empire crumble, the second empire rise and crumble, the commune flare briefly, and the republic of today rise on its ashes; he saw the black plinths of the Prussian eagle stamped on the flag of the New German empire—later to tower threateningly over Austria itself; he saw the Papacy shorn of its territorial domain, while a bickering family of petty principalities was welded into United Italy; he saw Spain, once the greatest of colonial powers, lose the last of her dependencies in two oceans; he saw Japan opened to western civilization and later defeat the sprawling colossus of two continents; he saw the most absolute of despots—Russia—Turkey and Persia—concede representation to the people; he saw at a distance the United States cement its federation with the blood of a great internecine war, and he saw his own brother prove that monarchy could not take new root on American soil.

Faces Dissensions

In his own country he faced internal dissensions and external aggressions from the moment he came to the throne. By the war of 1859 with France and Sardinia, he was forced to cede Lombardy to Italy; by force of arms and treaty he lost the Duchy of Holstein to Prussia and Venice to Italy; and by the revolt of Kossuth, the Hungarian patriot, he barely escaped having his dual empire cut in two.

But in human interest his personal sorrows overshadowed all. One after another they came upon him. In 1853 the list of tragic incidents began with an attempt upon his own life. In 1867 his brother, the Archduke Maximilian, after three years' experiment as Emperor of Mexico, was captured by the army of the patriots and condemned to death by a court-martial whose sentence was executed notwithstanding intercession in his behalf by the governments of the United States, England and Prussia.

Many Tragedies

There followed the burning to death of a niece in Vienna, a sister met similar fate in Paris, and a cousin drowned himself in Stahrenberg Lake. Yet these were but minor tragedies in comparison with that which befell the ancient house of the Hapsburgs in 1889 when Rudolf, the imperial Prince upon whom the Austrians pinned their hopes, met death in a mystery which to this day is not cleared.

Graves hold the secret of that fateful night at a hunting lodge in Meyerling. There have been a dozen versions of what occurred. One "true story" relates that the Crown Prince was struck dead by Baltazzi, a Hungarian chevalier who loved the Baroness Marie Vetsera and who was frenzied by finding the girl and Prince Rudolf together in the castle of Meyerling after the Crown Prince had given his pledge not to see the girl again. Another that the Crown Prince killed the uncle of the young Baroness when he came to rescue her and that both of the young lovers afterward committed suicide. The truth is not known.

Deep Mysteries

Clouded in still deeper mystery, if possible, was the disappearance that same year of Francis Joseph's favorite nephew, the Archduke Johann Salvator. Heir to the throne at the death of Rudolf, he renounced all his imperial dignities and fled the country as John Orth, captain of a merchant ship, never to be heard of again. The next of kin, the Archduke Francis Ferdinand, who became heir presumptive, added a further burden to his uncle's heart by a morganatic marriage to Sophie, the Countess of Chotek. It was he and his wife who were assassinated at Sarajevo in June, 1914.

But it is doubtful if any or all of these reverses weighed more heavily upon the Emperor's heart than the tragedy at Geneva, when the Empress Elizabeth, who had been called the most beautiful woman in Europe, was stabbed to death by a mad Italian anarchist in 1898. True, she long had been estranged from the Emperor, but he had never ceased to respect and adore her. When a courier brought him the news of the crime he exclaimed: "Alas, nothing can be spared me, nothing."

Plunges Into Work

After each blow he renewed his devotion to the state, his only solace being in harder work. He labored prodigiously. He was beloved for his kindness, his modesty, and rectitude, and his high moral courage made it possible for him to hold in leash the Czechs, the Poles, the Serbs, the Rumanians and the Bulgars, who made up the mosaic of nationalities in his dual empire.

Gossip dealt plentifully with his private life, filled with romance and misfortune. As a soldier, the Emperor was beloved of his army. In a crushing reverse by the French at Solferino he suffered such humiliation that he is said to have so wished to die with the men that he stood motionless in the fire of a battery hoping to be struck down. But none of his reverses made him any the less popular at home.

Attends Maneuvers

In recent years he interrupted his winter rides, but each spring found him on horseback again, and he attended the army maneuvers to the last. In the field he was the embodiment of indefatigable energy. Three or four horses a day he would wear out riding in a gallop to the foremost front of a reserve and from wing to wing to acquaint himself with the last tactical details.

His popularity reached beyond the army. He was truly the idol of his people and especially at Vienna. His tall, gaunt figure was familiar to every Viennese. He rode through the streets unguarded, bowing to the salutations of his loving people. If it became known that he was to leave the city a crowd would congregate to see him drive by. He was imperial, yet democratic, and for years he held weekly audiences with the common people at which any one of his subjects could appeal to him for the righting of a wrong.

BULLETS ARE FIRED AS BICYCLISTS SPEED AWAY

FULLERTON, Nov. 22.—Fleeing amid a hail of bullets, four Mexicans were routed Monday afternoon by the fury of Joe Fargon of this city and it was only Fargon's poor marksmanship that saved them from possible serious injury.

The shooting followed a dispute over wages. The four men, employed as orange pickers, demanded their money from Fargon, who was foreman of the crew.

Heated words followed and Fargon ran to his automobile a short distance away and secured a revolver. Meantime the four Mexicans mounted their bicycles and were riding away when Fargon saw them and opened fire.

Five of the bullets went wild of their mark, but the sixth struck the bicycle on which one of the men was riding, throwing him to the earth. He regained his feet and fled through an orchard.

Fargon was arrested yesterday morning by Marshal French and a charge of assault with intent to commit murder will be lodged against him.

There a vast delegation will join the St. Paul Shrine, for the trip to Panama.

CLEANSES YOUR HAIR MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out

—Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed.—Advertisement.

HUNTINGTON BEACH
CHURCH DEBT
IS CUT DOWN
Pledges Secured Reduce the Methodist Liability—Beach News Notes

HUNTINGTON BEACH, Nov. 22.—Dr. H. I. Rasmus, formerly pastor of the First Methodist church of Long Beach and now district superintendent for the San Diego District of Methodist churches, conducted the quarterly conference at Huntington Beach Saturday night and preached the sermon Sunday morning.

The main part of the service Sunday morning was devoted to the receiving of pledges for interest and other indebtedness growing out of the building of the church. The church is still heavily in debt although a considerable reduction was made in the debt last year. The interest also totals several hundred dollars yearly. This together with the payment for church furniture recently delivered made an extra bill of about \$1000. Rev. Rasmus, assisted by the pastor of the church, Rev. Robert J. Coyne, secured pledges for the greater part of this amount, which will aid the church materially in meeting its budget for the current year.

Seventeenth street has been opened to traffic, having been completed in less than sixty days from the time of letting the contract. A considerable portion of Main street will receive a new coat of surfacing where the surface originally laid has cracked or become too soft.

Eugene Stacey has succeeded William Twomey as assistant to Joseph Rodman. He will have direct charge of the repair work on the Pacific Electric between Huntington Beach and Santa Ana. Twomey has received a promotion.

SAN DIEGO VOTES TO
DONATE LAND TO U. S.

SAN DIEGO, Nov. 22.—By an almost unanimous vote the city of San Diego carried the proposition to donate the government 500 acres of tidelands, known as Dutch Flats, for the purpose of establishing thereon a marine and naval base. The cession of the tidelands to the government was made with the hope of establishing a permanent marine and naval base for the harbor, the site for which will be chosen by a naval board that visits the city November 27.

The bonds amounting to \$683,000 for the reconstruction of the Lower Otay dam, which was washed out by the floods last year, also carried.

C. OF C. BUILDING IS
PLANNED AT COLTON

COLTON, Nov. 21.—As soon as the official O. K. is placed by Superintendent Whalen upon the plans for the new Chamber of Commerce Building to be erected in the Southern Pacific Park, through the courtesy of the railroad company, work upon the edifice will be commenced. The plans prepared by P. H. Reed of the Building Committee being approved by the Chamber of Commerce. The building will be of white pressed brick with red tile roof and will house the secretary's office, and be used for all meetings. Its estimated cost is \$2000.

CONFERRING ON
TRAFFIC LAWS

Talbert and Tubbs Are Attending State Conference At Sacramento

T. B. Talbert, representing the Board of Supervisors, and J. W. Tubbs, representing the Santa Ana city council, are attending the state conference being held at Sacramento relative to proposed changes in some of the traffic rules, particularly regarding the loads that can be hauled on paved roads.

A general discussion of the state motor vehicle law and proposed changes marked the opening session of the conference of interested organizations and state departments in the Assembly chamber at the state capitol today.

Former Senator John W. Stetson of Oakland was named chairman of the conference, which is expected to result in agreement on proposed changes in the motor vehicle law to be urged at the next session of the Legislature. E. G. Kuster was designated as vice-chairman and H. A. French, head of the state motor vehicle department, as secretary.

Five committees will be named to consider various suggestions for changes in the law. The first will report on suggestions as to administration of the law and registration; the second on rules of the road, speed and signs; the third on equipment and safety devices; the fourth on penal provisions, their enforcement and the disposition of fines, and the fifth on trucks, tractors and trailers in relation to their use of improved highways.

Following sessions of the conference it is expected that adjournment for several weeks will be taken, after which the committees will report on their investigations.

HEMET WALNUTS BRING
GROWERS \$280 A TON

HEMET, Nov. 22.—The walnut crop of the Hemet Valley this year runs over 100 tons, seventy-one tons being handled by the Hemet Walnut Growers' Association. After paying all expenses, there will be a distribution of \$28,000 among the members.

The price paid to growers averages \$280 a ton. All but 1100 pounds of the seventy-one tons sold for 14 cents, and were No. 1 grade. Budded nuts netted the growers 17 1/2 cents a pound. Final payments will be made by December 1.

CROWN CITY NABOBS
ROBBED OF GOLDFISH

PASADENA, Nov. 22.—What appears to be an organized gang of thieves have been stealing goldfish from pools at the homes of the rich in Pasadena.

Ten expensive gold fish of the fan-tail variety were taken from the pool of A. C. Tadder, No. 679 Arbor street. Seventy-five of the bright-hued fish were stolen from William Wrigley on Orange Grove avenue and the Good-year gardens in Oak Knoll also were visited. All of the unusual thefts were committed at night and it is believed that the fish were lured to the surface with an electric light torch and then scooped out with a net.

CELEBRATE SIXTIETH
WEDDING ANNIVERSARY

REDLANDS, Nov. 21.—Mr. and Mrs. Thomas Phare, No. 201 East Olive avenue, are celebrating the sixtieth anniversary of their wedding and, while it is a quiet celebration, according to their wishes, yet their many friends here have reminded them of it by sending postcards and with gifts of flowers. They were married in River Falls, Wis., on November 12, 1856.

Mr. and Mrs. Phare have been living in Redlands for about fifteen years and in all that time they have never missed a session of the Baptist Sunday school unless they were in bed, unable to go, and that was not often. Since they were married they attended church whenever it was possible for them to do so and though he is 93 years old and she is 91 years old they walk from their home to the church.

WORK ON NAVY ESTIMATES
WASHINGTON, Nov. 22.—While Secretary Daniels was awarding contracts today for the armor plates for the four new battleships authorized and approved plans for an ammunition ship, the last vessel designed for the 1917 building program, the appropriations subcommittee of the House naval committee, began work on the 1918 estimates, the heaviest in American history.

TO HAVE STATION
FOR EXPERIMENTS
IN KELP INDUSTRY

Those interested in the development of the kelp industry along the coast of Orange county will be interested in knowing that the United States government has decided to establish a kelp products experimental station at Summerland, a few miles south of Santa Barbara. The intention is contained in an application from the Department of Agriculture to harvest kelp under an ordinance recently passed by the county board of supervisors. The experiments will be conducted by the Bureau of Soils, which will be affiliated with a St. Louis firm in the work.

A government representative has been investigating proposed sites along the south coast the last few months, and the application was invited by the board of supervisors, which will formally act on it December 4.

The government has made an appropriation of \$175,000 for this kelp station and it is understood the St. Louis concern will expend a similar

Jess Willard says:
"Take Nuxated Iron"
If you want plenty of 'stay there' Strength and Endurance and Health and muscles like mine."

A hitherto untold secret of his great victory over Jack Johnson and Frank Moran.
Ordinary Nuxated Iron will often increase strength and endurance of the delicate nervous folks 200 per cent in two weeks' time.

SPECIAL NOTE.—Dr. E. Sauer, a physician who has studied widely in both this country and Europe, has been specially employed to make a thorough investigation into the real secret of the great strength, power and endurance of Jess Willard, and the marvelous value of nuxated iron as a strength builder.

NEW YORK.—Upon being interviewed at his apartment in the Colonial Hotel, Mr. Willard said: "Yes, I have a chemist with me to study the value of different foods and products as to their power to produce great strength and endurance, both of which are so necessary in the prize ring. On his recommendation I have often taken nuxated iron, and I have particularly advocated the free use of iron by all those who wish to obtain great physical and mental power. Without it I am sure that I would never have been able to whip Jack Johnson so completely and easily as I did, and while training for my bout with Frank Moran, I regularly took nuxated iron and I am certain that it was a most important factor in my winning so easily."

Continuing Dr. Sauer said, "Mr. Willard's case is only one of hundreds which could cite from my own personal experience which proves conclusively the astonishing power of nuxated iron to restore the strength and vitality even in most complicated chronic conditions."

Not long ago a man came to me who was nearly half a century old, and asked me to give him a preliminary examination for life insurance. I was astonished to find him with the blood pressure of a boy of 20 and as full of vigor, vim and vitality as a young man; in fact a young man he really was notwithstanding his age. The secret he said was taking iron—nuxated iron had filled him with renewed life. At 29 he was in bad health; at 46 careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concoctions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver and heart trouble, etc. The real and true cause which started their diseases was nothing more or less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the benefit of it and as a consequence you become weak, pale and sickly looking.

months, and the application was invited by the board of supervisors, which will formally act on it December 4.

The government has made an appropriation of \$175,000 for this kelp station and it is understood the St. Louis concern will expend a similar

JESS WILLARD AT 107
Among all the prominent figures of the prize ring, probably none is so devoted to family life as Jess Willard. After each engagement the champion hurries to his wife and children and remains at their side until they demand for him to leave for new encounters. Everything is done to bring up the "little Willards" with strong healthy bodies. Mr. Willard accounts for his own success by saying:—
"I consider that plenty of iron in my blood is the secret of my great strength, power and endurance."

ing just like a plant trying to grow in a soil deficient of iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous run-down people who were ailing all the while, double their strength and endurance and entirely get rid of all symptoms of dyspepsia, liver and other troubles in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old formula of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you wish it to do you any good, otherwise it may prove worse than useless.

Many an athlete or prize fighter has won the day simply because he knew the secret of great strength and endurance

and filled his blood with iron before he went into the fray, while many another has gone to inglorious defeat simply for the lack of iron.—E. Sauer, M. D.

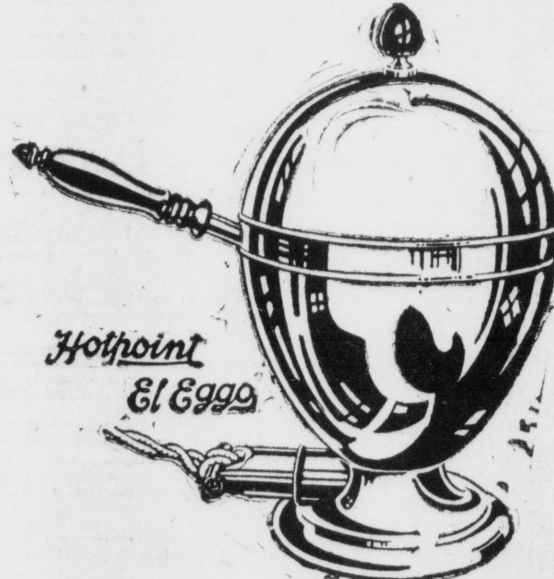

NOTE.—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturers have such great confidence in Nuxated Iron that they offer to forfeit \$100,000 to any charitable institution if they cannot take any man or woman under 60 who lacks iron and increase their strength 200 per cent, or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Rowley's secret of great strength and endurance
